

2025 OLEMA SAUVIGNON BLANC LOIR VALLEY, FRANCE

ABOUT THE WINE

The 2025 Olema Loire Sauvignon Blanc is a finely detailed, mineral-driven expression of the Loire. Aromas of chamomile, fresh lime, and crushed rocks lead into an elegant, precise palate layered with Anjou pear and tangerine. Bright acidity and a focused mineral backbone carry through to a clean, refreshing finish that invites another sip.

VINTAGE NOTES

The 2025 vintage for Sauvignon Blanc in the Loire Valley was defined by warm, dry conditions, leading to an early, fast harvest with low disease pressure, resulting in ripe, clean, and expressive wines with intense citrus, tropical fruit, and saline notes.
